To make your puppet:

- Print the potato picture (cardstock works best) and cut it out.
- Use art supplies to make a face; or use the pictures provided.
- Place the potato face-down on the table and tape the top of the craft stick about one-third from the bottom of the figure so the stick becomes a handle.
- Bring him with you and take photos in different places. Dance, sing, or paint with your potato puppet.
- Print out the visual scenes, or show the pictures on a phone or tablet to friends and family. Ask them to guess where you made this scene and what you are doing.
