Tips to Engage, Expand, and Succeed:

- To learn how to make your snowman bowling pins, check out this article we found on Pinterest: <https://www.pinterest.com/pin/72479875240615247/> You need a few craft materials you probably have in the house. To play, you just need to add a ball!
- There is so much language you can teach while playing this game! Many colors, numbers, shapes, and basic concepts are core vocabulary words. Here are some examples:
 - Colors:** **What color do you want?**, **What colors** did you get? (when the pins are knocked down), **What color** is it?
 - Numbers:** Work on counting the pins that were knocked down. **How many** did you get?
 - Shapes:** You can arrange the pins in different shapes. How many pins did they knock down? Which shape was easiest to knock down all the pins?
 - Basic Concepts:** **Up, down, all, none, some, there** are all examples of concepts to focus on while playing.
- This is a perfect activity to have fun and focus on commenting. **You did it! That was fun! Good job! Let's do more! You got all the pins! You got them all!**
