

# AAC Evaluation Data Gathering Worksheet

|   | Know | Need to Know | Assessment Plan |
|---|------|--------------|-----------------|
| <b>Personal Information</b>                       |      |              |                 |
| <b>Name:</b>                                      |      |              |                 |
| <b>Diagnosis:</b>                                 |      |              |                 |
| <b>Age:</b>                                       |      |              |                 |
| <b>Supports in Home/Community (list people):</b>  |      |              |                 |
| <b>Interests and/or occupations:</b>              |      |              |                 |
| <b>Current Communication Methods:</b>             |      |              |                 |
| <b>Current Communicative Functions expressed:</b> |      |              |                 |
| <b>Environmental Barriers and Supports</b>        |      |              |                 |
| <b>Barriers:</b>                                  |      |              |                 |
| <b>Communication Opportunities:</b>               |      |              |                 |
| <b>Communication Partner Needs:</b>               |      |              |                 |
| <b>Abilities Profile</b>                          |      |              |                 |

|   |  |  |  |
|---|--|--|--|
| <b>Speech</b>   |  |  |  |
| Sounds produced, intelligibility  |  |  |  |
| <b>Sensory/Perceptual Information/Issues</b>  |  |  |  |
| <b>Functional vision skills or any challenges:</b><br>acuity, field, oculomotor functioning,<br>light/color sensitivity, stability, functional<br>vision competence |  |  |  |
| <b>Functional hearing skills or any challenges:</b>   |  |  |  |
| <b>Motor Areas/Skills/Issues</b>  |  |  |  |
| <b>Ambulation mode(s):</b> Ambulatory,<br>Wheelchair, type of seating<br>system/supports (if relevant), Walker, other<br>mobility aid (specify type)                |  |  |  |
| <b>Functional gross and fine motor skills:</b><br>ADL's, transfers, contractures, upper and<br>lower extremities  |  |  |  |
| <b>Access:</b> direct selection versus scanning,<br>additional feature needs for either method  |  |  |  |
| <b>Positioning issues:</b>  |  |  |  |
| <b>Communicative needs/goals:</b>   |  |  |  |
| Intent, function, complexity  |  |  |  |

|   |  |  |  |
|---|--|--|--|
| <b>Pragmatic/social skills:</b> turn-taking, asks questions, comments, conversational, etc.   |  |  |  |
| <b>Language skills:</b> single word vocabulary, morpho-syntactic and grammar skills, etc.   |  |  |  |
| <b>Symbol Preferences and skills:</b> ability to demonstrate functional use, ability to use symbol as a referent, etc.  |  |  |  |
| <b>Literacy skills:</b> letter-sound correspondence, sound blending, phoneme segmentation, word decoding, sight word recognition, etc.  |  |  |  |
| <b>Spelling skills:</b> spontaneous spelling, first letter spelling, recognition spelling, etc.   |  |  |  |
| <b>Cognitive/Linguistic Skills or Issues</b>  |  |  |  |
| <b>Cognition and learning potential reports:</b> consistent ability to attend, match, categorize, and sequence, observed memory skills and ability to use different techniques to recall/find language or symbols, etc. |  |  |  |
| <b>Vocabulary needs:</b>  |  |  |  |
|   |  |  |  |

|   |  |  |  |
|---|--|--|--|
|   |  |  |  |
| <b>Device Features Needed</b>   |  |  |  |
| <b>Vocabulary size:</b>   |  |  |  |
| <b>Vocabulary type (core/phrase/s.c., visual scenes, Pragmatic branching)</b>                                 |  |  |  |
| <b>Layout of targets/symbols:</b>   |  |  |  |
| <b>Symbol type or sets:</b>   |  |  |  |
| <b>Size of device/size of targets in device:</b>  |  |  |  |
| <b>Type of device (low tech, mid tech, high tech)</b>   |  |  |  |
| <b>Message window display</b>   |  |  |  |
| <b>Rate Enhancement:</b>  |  |  |  |
| <b>Type of input method and any customization of that method:</b>   |  |  |  |
| <b>Access</b>   |  |  |  |
| <b>Type of output:</b> (speech, visual symbols, letters, etc.)  |  |  |  |
| <b>Mounting and portability:</b> positioned, mounting type, any customization                                 |  |  |  |
| <b>Funding source:</b>  |  |  |  |
| <b>Other considerations:</b> (keyguard, easel, contrast of symbols or fonts, support from manufacturer, etc.) |  |  |  |
